PROFILE

Recent BSIT graduate with hands-on experience developing web and mobile applications through academic and freelance projects. Experienced in JavaScript, TypeScript, React, React Native, Next.js, Node.js, Firebase, REST APIs, and Git. Developed applications involving authentication, databases, APIs, UI/UX implementation, testing, and debugging. Strong problem-solving and analytical skills with experience working collaboratively on software and technology projects. Seeking to apply my software development skills in a professional environment while continuing to grow as a Software Developer.

TECHNICAL SKILLS

Languages: JavaScript, TypeScript, Python, Java, C#, C
Frontend: React, Next.js, React Native (Expo), Vite, HTML5, CSS3, Tailwind CSS, Shadcn
Backend: Node.js, Flask, RESTful APIs, .NET
Databases: Firebase/Firestore, MySQL, NoSQL
Tools: Git, GitHub, VS Code, Claude Code, GitHub Copilot, Antigravity
UI/UX: Figma, UI Prototyping, Interface Design

ACADEMIC PROJECTS

Rent2Reuse – Mobile Rental Marketplace

Full-Stack Developer & UI/UX Designer

- Developed web and mobile application components using React/Next.js and React Native (Expo), with Firebase integration.
- Implemented user authentication, Firestore database integration, REST APIs, and rental management workflows.
- Designed and implemented responsive mobile interfaces based on Figma UI/UX prototypes.
- Performed functional testing, debugging, and troubleshooting throughout development.
- Collaborated with teammates during planning, development, testing, and feature refinement.
- Developed an AI-assisted item classification system using TensorFlow/Keras and MobileNetV2.

WORK EXPERIENCE

DATA ANNOTATOR INTERN

Feb 2026 - Apr 2026

INNODATA KNOWLEDGE SERVICES, INC.

- Reviewed and annotated image and video datasets according to detailed project guidelines.
- Investigated inconsistencies and validated annotation quality to maintain accuracy and consistency.
- Maintained quality and productivity standards within structured workflows.

GRAPHICS ARTIST (REMOTE)

2024 - 2025

UPWORK | FREELANCE

- Designed digital marketing materials based on client requirements and feedback.
- Communicated with clients to refine designs and deliver projects within deadlines.

GRAPHICS ARTIST

Aug 2021 - Sep 2023

ISLAND ARTZ PRINTING AND SERVICES

- Created marketing, branding, and promotional materials for print and digital applications.
- Translated client requirements into visual layouts while managing multiple projects and deadlines.

LEADERSHIP EXPERIENCE

UI/UX LEAD

2023-2024

GOOGLE DEVELOPER STUDENT CLUBS – CTU

- Led UI/UX initiatives for student technology projects and community activities.
- Designed interfaces and prototypes using Figma with emphasis on usability and consistency.
- Collaborated with team members to refine solutions based on project requirements and feedback.

GRAPHICS DESIGN LEAD

2022-2023

GOOGLE DEVELOPER STUDENT CLUBS – CTU

- Created visual assets for technical events, workshops, and community activities.
- Collaborated with organizers to translate event concepts into visual materials.

SOFT SKILLS

Problem Solving, Analytical Thinking, Attention to Detail, Communication, Organization, Team Collaboration, Time Management & Multitasking, Adaptability & Willingness to Learn

EDUCATION

Cebu Technological University

Bachelor of Science in Information Technology

July 2026
